**Description**

- Fast-wicking PIG® HAZ-MAT Pads are quick and easy to use — just put them right on acid and caustic spills
- Ideal for absorbing small battery acid and laboratory spills
- Specially treated to more quickly absorb more chemicals — including higher concentrations of corrosive liquids such as 98% sulfuric acid and 30% sodium hydroxide
- Perforated — minimise waste, just tear off what you need
- Heavy-weight for maximum absorbency

**Warnings & Restrictions** : ATTENTION: Independent testing indicates that PIG HAZ-MAT products are compatible with and absorb most acids and caustics. Due to variables and conditions of applications beyond our control, New Pig cannot guarantee that this proudcut will absorb to your satisfaction. To insure effectiveness and your safety, we recommend that you conduct compatibliity and absorption testing of your chemicals with PIG HAZ-MAT products prior to purchase. If you have any questions or need samples to test, please call your local distributor.
