PRODUCT DATA SHEET

Item Number	:	PLP201
Item Name	:	PIG® LITE-DRI Absorbent
Liquids Absorbed	:	Oil, Coolants, Solvents & Water
Contents/Package	:	1 bag
Colour	:	Grey
Dimensions	:	70 cm x 48 cm x 6 cm
Composition	:	100% Recycled Cellulose
Absorbency	:	30 L/Bag
Weight	:	10 Kg

Description

- Unlike clay, which is simply coated with liquid, fast-wicking recycled cellulose actually soaks up the spill the moment it touches
- Three times more absorbent means you'll use less material on the spill, reducing labour and disposal costs
- 100% recycled cellulose composition is ideal when green products are desired or required
- Silica-free composition is non-abrasive and does not pose the health hazards associated with breathing in clay dust
- Light-weight absorbent is easier than clay to carry and use without injury

Recycled Content	:	100% Mixture of Pre- and Post-Consumer Recycled Cellulose
