Description

- Sturdy Spill Station Cabinet is perfect for storing absorbent products close at hand for fast and efficient response to leaks, drips and spills
- Tough 0.7mm mild steel construction, with durable painted finish, withstands everyday use
- Comes complete with waterproof vinyl graphics for easy identification on the shop floor and a customised re-order label with your company details for absorbent refill ordering
- Perforated door, at base of the Cabinet, keeps absorbent socks stored neatly yet allows fast access when spills strike
